

Downloadable CoursePacks for EMBA Programs

Work. Family. Travel. Study.

With so many demands on their time, your average EMBA student would give anything to have a few extra hours in the day. And while you certainly can't change the way time is measured, the service experience your program offers can make students' course work easier—and more streamlined.

XanEdu helps take your EMBA program to the next level of service.

"XanEdu helps us deliver a good experience to our students because they consistently offer service that adds value."

— Nancy Stevens, Arizona State University

The leader in service and innovation

in digital course packs, XanEdu now offers EMBA programs the option of Downloadable CoursePacks. Students can download their entire XanEdu CoursePack to their laptop for convenient viewing, even when internet access isn't available.

As long as your students have their laptop, they can access a PDF version of the online XanEdu CoursePack. So whether they're commuting on a train, waiting in an airport, or working in a hotel room, they can make the most of their time and focus on course work—regardless of the availability of internet access.

In addition to upping the ante on the convenient, value-added service your program offers students, Downloadable CoursePacks have the flexible delivery options you've come to expect from XanEdu:

- ⑥ *We simply add a link to the CoursePack, and student can immediately download their CoursePack from their "My XanEdu" page on the internet.*
- ⑥ *If your program purchases Downloadable CoursePacks directly via XanEdu Class Delivery, we can provide you with a single user name and password to give to all your students. So no need of multiple keycodes and passwords.*
- ⑥ *Links to XanEdu Downloadable CoursePacks can be integrated directly into Blackboard or other course management systems.*

And whether you "do it yourself," or rely upon your XanEdu account team to assemble your CoursePack, it makes no difference—enabling the download function is as simple as instructing your Account Service Manager to do so.

You may not be able to offer your EMBA students with more hours in the day, but you can make the time they do have more productive with Downloadable CoursePacks from XanEdu!
